Dear Nikhil,

Subject: Internship Offer – Research Intern at AtheroPoint LLC, Roseville, CA, USA.

We are pleased to offer you the position of research Intern at AtheroPoint LLC for duration of six months. This internship provides a unique opportunity to work on advanced research projects that harness the power of artificial intelligence to drive innovation in healthcare.

As a research Intern, you will contribute to developing and applying state-of-the-art AI technologies aimed at addressing complex challenges in healthcare. Our projects focus on areas such as medical imaging, predictive diagnostics, and decision support systems, leveraging the potential of AI to improve patient outcomes, enhance diagnostic accuracy, and support clinical decision-making. This role offers a chance to work collaboratively with a talented team of researchers and technologists, gaining hands-on experience in developing impactful AI solutions. You will also work with the team on how to write the international journals which will be submitted with AtheroPoint™'s approval.

Please note that as part of your role, you will be required to sign a Non-Disclosure Agreement (NDA). This NDA ensures that all data utilized during the research is handled with strict confidentiality and cannot be shared with any third party. All Intellectual property (scripts, data, models, etc) during the internship will be exclusively owned by AtheroPoint LLC, and this NDA will remain in perpetuity, and cannot be shared or used in another corporation.

We look forward to your joining the internship and we wish you the best!

Sincerely Yours

Jasjit S. Suri
CEO, AtheroPoint™ LLC
